Candidate Signature and Date:

Remarks:

FOLLOW THESE STEPS IN FILLING OUT THIS QUESTIONNAIRE:

1) Use a black ball point pen only. Do not use felt tip pen or pencil. Do not slash your 0's, 7's, or Z's.
2) Completely fill in all bubbles: ● Yes ○ No
3) If you make an error, completely cross out entry and re-write.
4) Do not send in a photo copy of this form. Only the original will be read.
5) For optimum accuracy, write block style without touching sides: A B C D E F G H I J K 0 1 2 3 4 5 6

There are two parts to this questionnaire -- a center form which is optically scanned and a sport-specific questionnaire. The scanned form requires you to follow the directions above, and to enter codes in designated field. These codes are not required for the sport questionnaire. To avoid confusion, you may want to separate the instructions from the forms, work the scanned form first and then the questionnaire. The instructions below pertain to the scanned form only.

Race and Ethnicity: Please use the codes found on the reverse of this instruction sheet.

Congressional District: You can obtain your congressional district information from your local library or government offices. If you cannot get this information, or are unsure of it, leave this entry blank.

Class Rank: If you don't know your class rank, or your school does not rank students, please provide an estimate.

Test Scores:

West Point encourages candidates to take the SAT and/or ACT more than once as we will accept your highest sub-scores. Be aware that West Point accepts only scores from the standardized, i.e. timed, version of the test. Scores from untimed test will not be considered. If you have not yet taken the ACT or SAT, leave those blank. However, you should provide at least one set of scores (most candidates will provide PSAT scores).

It is your responsibility to ensure that your scores are forwarded to us. The testing agencies will not release your test scores unless you authorize them to do so. Normally, this is done at the time you registered for the test. If you have already taken the SAT or ACT and did not indicate at the time you registered for the test that you wanted your scores forwarded to the U.S. Military Academy, you should write to the testing agency and request that they be so forwarded. A photo copy of your scores, or scores which appear on your high school transcript, can also be used.

In planning for future tests, use the following code numbers to report results to us: ACT- 2976; SAT- 2924. Note that some Members of Congress use the ACT or SAT test results in their nomination selection process; test scores should be sent to them as well. For the ACT, record special code number 7000 (once for each Member of Congress) in order to receive a sealed copy of your scores, which you can then forward. For the SAT, you must contact the specific Members of Congress (or the College Board Admissions Testing Program) to obtain their individual reporting codes.

Activities:

If you participated in any non-athletic or extracurricular activities in grades 10-12 that are not listed and for which you feel you deserve credit, please list them in the "Remarks" section. To complete the Athletic Activities section, use the codes on the reverese of this instruction sheet. If you lettered in sports for which no codes are available, please list them also in the "Remarks" section. Include position and height/weight only if applicable.
